examining the industry of the arts through an African American lens

presented by 3.9 Art Collective & A Simple Collective
and hosted by the Museum of the African Diaspora

RE[FRAME] is a unique look at all aspects of the art industry through the eyes and experience of black artists and arts professionals and presents discussion forums on industry trends, multidisciplinary works by black artists, and professional development and networking opportunities. Open to all, RE[FRAME] positions black creatives as art world experts and leaders, rather than in the margins.

Presented by 3.9 Art Collective and produced by A Simple Collective
Hosted by the Museum of the African Diaspora
Support for RE[FRAME] is provided by Southern Exposure's Alternative Exposure Grant Program
